

## ROUND LAKE PUPUKE

[As at Jan 09]

Each year thousands of people run, walk, jog or cycle around Lake Pupuke by road unaware of the numerous small and interesting reserves around the shore of the lake. **Each year the stretch of lake from Henderson Park to Sylvan Park is closed from October to December to allow a variety of water bird to breed.**

Start at THE PUMPHOUSE where public toilets and parking are available [more toilets available at Sylvan Park]. Allow about 1+1/2 hours, 8000steps

**START** From THE PUMPHOUSE walk up the main access road to MANUREWA AVE, turn left and continue round to KILLARNEY ST. Again turn left and stay on KILLARNEY ST to HURSTMERE RD.

Continue left on HURSTMERE RD for some time, veer left then just past no 4 KITCHENER RD is the entrance to Henderson Park.

!! [From October to December continue along KITCHENER RD, turn left into SYLVAN PARK RD and pick up the route in SYLVAN PARK]

For the rest of the year turn left down to HENDERSON PARK and the lake edge. Go through the gate to your right and keeping the lake on your left walk round to SYLVAN PARK.

!! Walk up to the grassy level of the toilet block and then continue diagonally to the right across a

grassy area to access a small bush track near the end of PIERCE RD. Follow the bush track round past the TENNIS COURTS and round to MILFORD SCHOOL WATERWISE CENTRE. !! Turn right to cut through MILFORD SCHOOL and exit into SHAKESPEARE RD. [Or alternatively exit into FENWICK RD then left into SHAKESPEARE RD if wishing to avoid the school].

Walk left along SHAKESPEARE RD to NORTH SHORE HOSPITAL and follow the hospital drive through the hospital grounds to exit into SHEA TCE. Turn left and walk down to the lake edge and then walk to the right along the 'causeway' to the ROWING CLUB.

Walk inland up the gravel road beside the quarry and at the traffic lights turn left into TAHAROTO RD and then left again into RANGITIRA AVE.

Turn right into PUPUKE RD, left into KILLARNEY ST !!!!! and almost immediately left again into the tiny ANDREA PL to access the western end of KILLARNEY RESERVE. Walk through the reserve at a 'middling' level then drop down to THE PUMPHOUSE and the end.
